Rosheeta Sheth

Industrial Engineering & FinTech @ Georgia Tech | Building Agentic
AI, ML & Analytics Tools
Alpharetta, Georgia, United States

Summary

Hello! I'm Rosheeta Sheth, an Industrial Engineering student at Georgia Tech with a concentration in Analytics and Data Science and a minor in Financial Technology. My technical interests include AI/ML, agentic AI, data science, analytics engineering, forecasting, and operations-focused problem solving. I'm currently looking for internship opportunities in AI/ML engineering, data science, analytics, and innovation-focused technology roles where I can apply Python, SQL, machine learning, and LLM-based tools to real-world problems. Feel free to connect with me or reach out at rsheth48@gatech.edu if you're working on AI, analytics, or data-driven products.

Experience

Georgia Clinic Primary Care + Urgent Care

Data Science Intern

May 2024 - August 2024 (4 months)

Alpharetta, GA

- Used Pandas to perform data cleansing on patient records exported from the NextGen EMR software, rectifying inconsistencies in over 5,000 insurance data points
- Analyzed patient appointment data using SQL to identify no-show trends and scheduling patterns, helping inform operational improvements for clinic appointment management

DECA Inc.

Johns Creek Chapter President

August 2023 - May 2024 (10 months)

Led a student business organization by coordinating meetings, competition preparation, and team communication for members competing in DECA business and entrepreneurship events.

Southeastern Endocrine

Clinical Operations Analyst Intern

August 2023 - December 2023 (5 months)

Roswell, GA

- Supported clinical operations by coordinating lab orders, supply ordering, invoice tracking, and workflow documentation across front-office and medical assistant teams
- Built an automated Excel inventory dashboard with conditional logic to monitor medical supply levels, flag low-stock items, and improve visibility into clinic purchasing needs.
- Analyzed patient scheduling efficiency by querying historical appointment data from the eClinicalWorks EMR with SQL

Education

Georgia Institute of Technology

Bachelor's in Industrial Engineering - Analytics and Data

Science · (2024 - 2027)
